“Sometimes I just *know things*, or feel a right move or wrong move and wish I could harness that ability and use it for job related, or family, or relationship decisions.” In this class, you will *connect with your own psychic resources* safely and learn to turn it off and on when you need an answer. We will practice techniques for opening ourselves to images, sounds, & feelings meant to guide us & help others in every day life. Class appropriate for beginners, as well as those who are still open to further development.

Your Instructor: *Diana Friedell, is a certified Meta-physican and ordained Minister through Fellowships of the Spirit, was trained in Lily Dale, NY and has been conducting readings and healings for 9 years.*
